MY SEATING DESIGN

A reclining Adirondack chair, a super deep soak seat, a super deep seat with therapy pillar, a cool down seat, a deep therapy seat with footwell therapy and a mid level seat.

MY TRI-ZONE HYDROTHERAPY™ SYSTEM

Tri-Zone Hydrotherapy™ delivers three levels of relief to my body in a single spa! The overall body setting provides jetting from neck to foot. The lower body setting jets work my thighs, calves and feet. The upper body setting jets deliver therapy to the areas most in need – my neck, shoulders and whole back. Tri-Zone controls are strategically located throughout the spa putting everything at my fingertips.

MY LUXURY CONTROL SYSTEM

The luxury control panel features nine buttons; a soak timer to let me know how long I've been in the spa, a real-time clock, quiet soak to shut down all jets and lights, panel lock, temperature control, light control and a settings control. The large LCD read-out also features icons to show what system is running. Maintenance reminders are displayed on the LCD read-out as well as individual LED lights indicating when it's time to clean the filters or change the water.

MY OWNER'S PROTECTION PLAN

- 10 year structure
